

# XS Basic RX +475 mV / 25C, 55ml bottle Verification solution

Code: 32383153

## TECHNICAL DATA SHEET

### Features

|               |                                                                                   |
|---------------|-----------------------------------------------------------------------------------|
| Accuracy      | ± 5 mV                                                                            |
| Colour        | Yellow-brown                                                                      |
| Composition   | Contains: Iron Trichloride Hydrate, Hydrochloric Acid                             |
| Package       | Disposable bottle 55 ml                                                           |
| Description   | ± 5mV / 25°C- Brownish yellow                                                     |
| Name          | 475 mV                                                                            |
| Nominal value | 475 mV @ 25 °C                                                                    |
| Volume        | 55 ml                                                                             |
| hazards       | May be corrosive to metals. Causes severe eye irritation. Causes skin irritation. |
